Down-the-line with Jelena Jankovic

Candid about her **love-life** and her **makeup secrets**, this **hot tennis player** on the Sony Ericsson WTA Tour, just aced her way into our world of fun, fearless *Cosmo* girls..

● You're known for your playing style—your two-handed backhand, or your consistent down-the-line strokes. In fact, you're one of the toughest players on court. What's your fitness mantra?

"I try to do everything related to tennis—a lot of movement to get my speed on court. At the gym, I do lighter weights and a lot of repetition. I still want to look feminine but at the same time have the definition and be fit for my matches."

You were ranked World No. 1 for 17 weeks, and now you've slipped to a rank 4? Do you think you'll hit back the top spot by this year end?

"I don't think I'll finish number one, this year. I'll try to get back to that spot, maybe next year. But for now, I'm just thinking about improving my game. I won a tournament last week; I beat number one in the finals. So, it gives me a lot of confidence and hopefully I can continue working hard and get better and better."

● As a UN ambassador for Serbia, what's your foremost concern?

"Children. We raise money to help kids who are in need through charity events and gatherings. We talk to them about a healthy lifestyle. I'm proud to be a role model for kids back in Serbia. If I've done it, so can they! I'm thankful that I've had the opportunity to do something like this."

● You've worked in a film, *Jelenin sve?* (Jelena's World), so is acting your second love?

"Yeah I love acting. If I wasn't a tennis player I would probably go into that direction, maybe some kind of TV work, maybe a host, or something that has to do with show business, entertainment. I enjoy that. Since I was a little girl I was always imitating, doing all kinds of things. I have fun doing that."

Tell us, honestly, who are you really dating?

"I'm dating a water polo player and he's here with me. His name is Mladjan Janovic. Handsome guy."

Who's your favourite Hollywood actor?

"I don't know. Jack Nicholson."

● We know you're fond of fashion/style. But what are you most comfortable wearing?

"When it comes to tennis, at the moment I'm wearing Anta clothes, it's a Chinese company. I don't wear shirts and skirts but I'm a big fan of dresses; I feel most feminine in them. Outside the court, I feel comfortable in a basic pair of jeans and t-shirts. I dress according to the occasion."

Which part of your body do you like the most, and which feature would you have liked to change if you could?

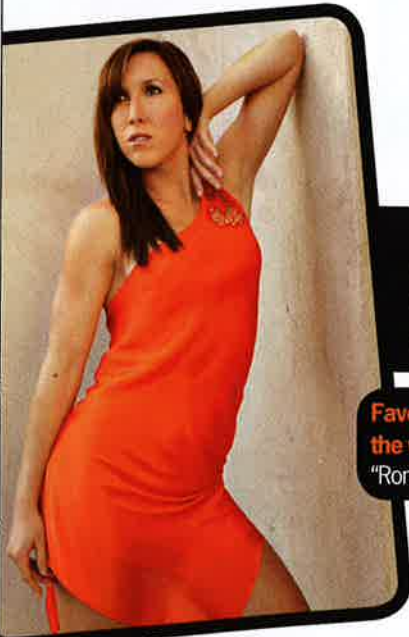

"I'm not sure. What I like most about me is my smile, that's all. But when it comes to guys, they like my butt and legs; at least that's what they say!"

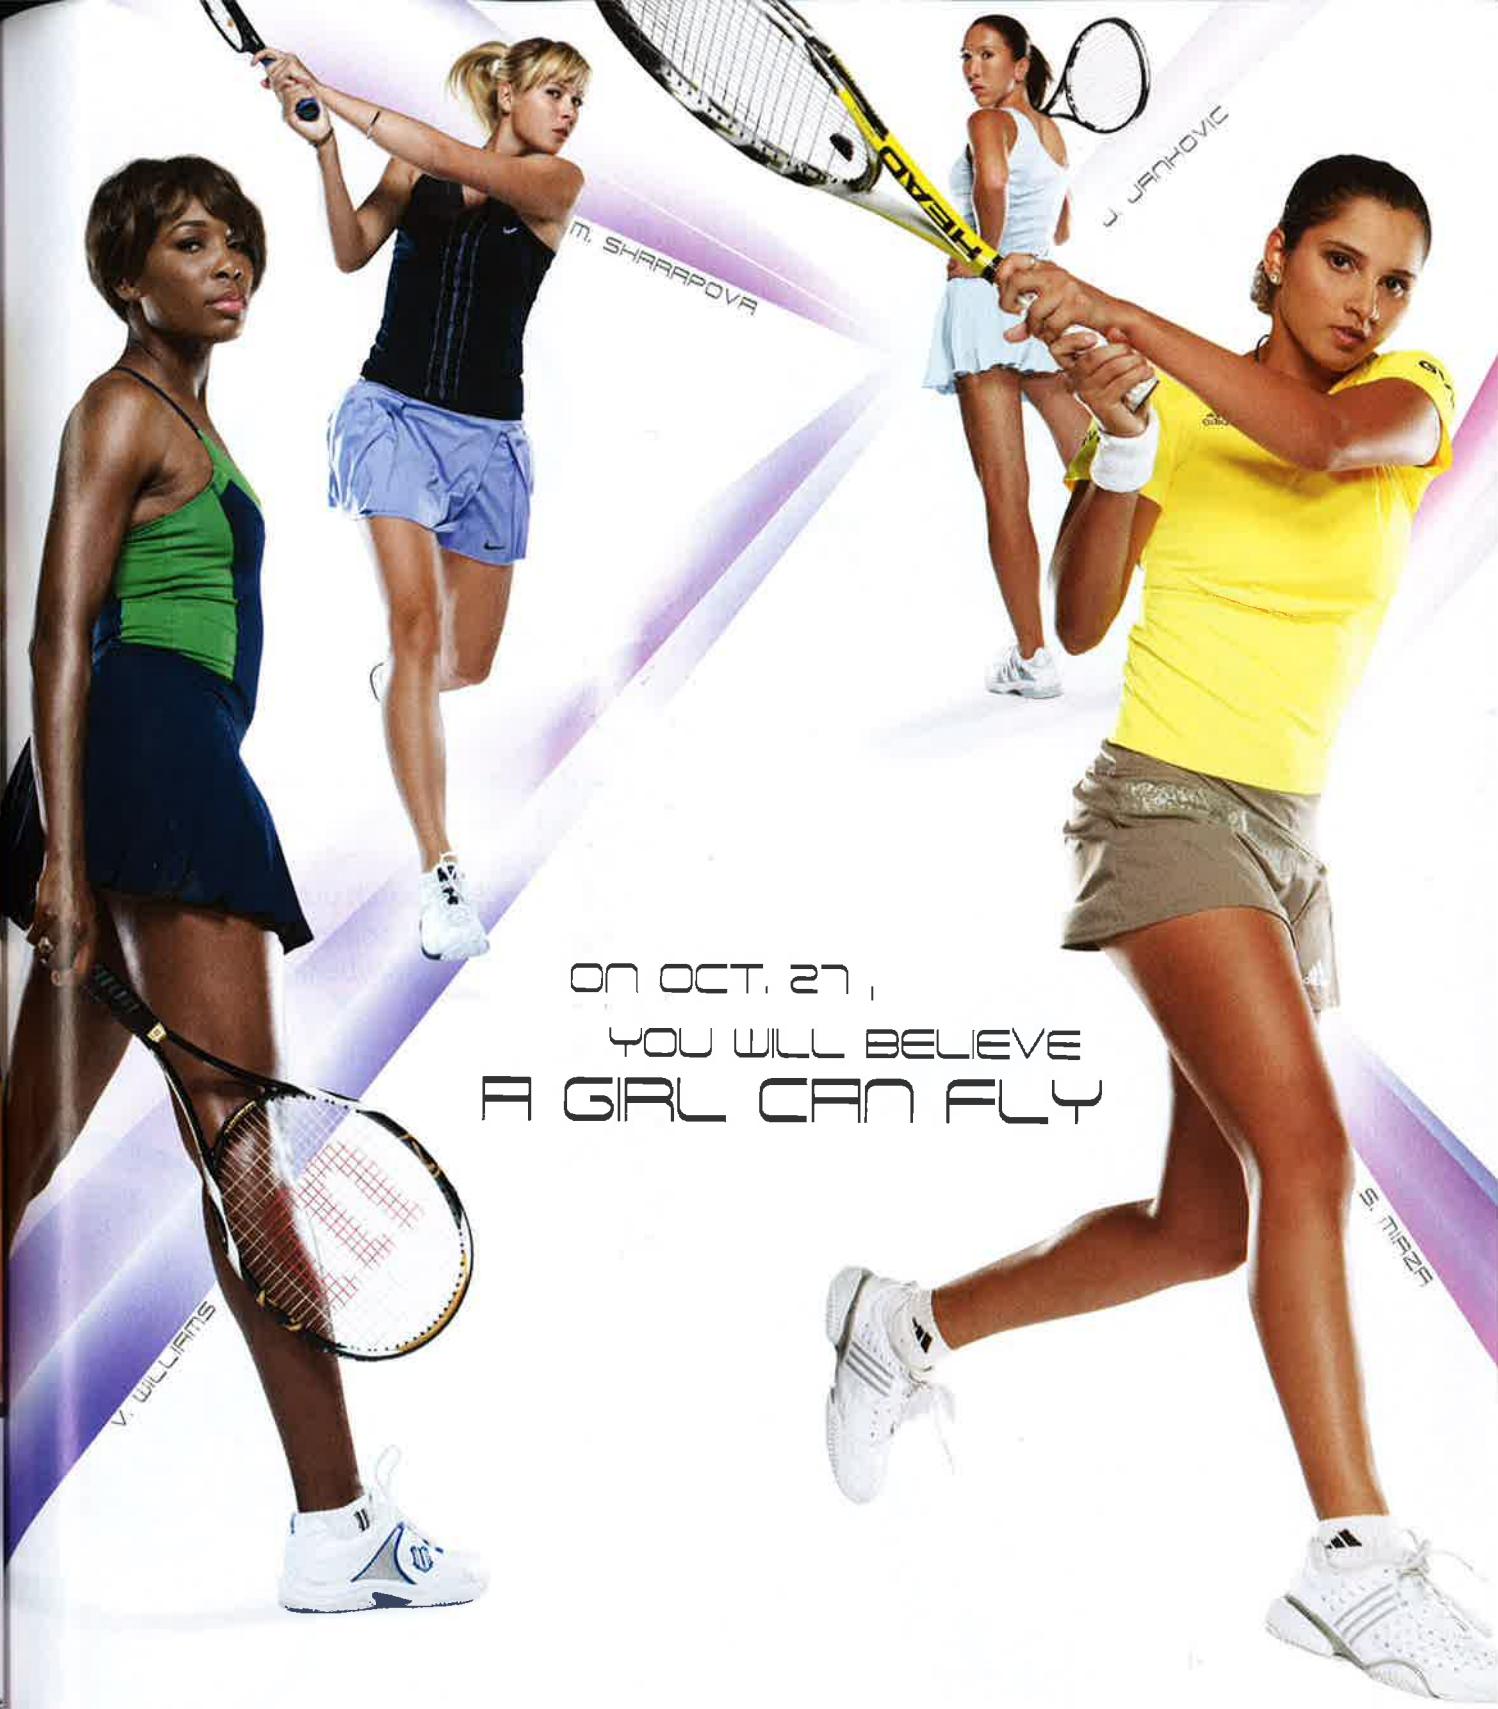

Favourite place in the world...
"Rome."

Your favourite cuisine...
"French."

● Your beauty regime...

"I like to wear makeup, so before going to sleep, I always take my makeup off, cleanse well, and then moisturise. Before going to play, I slather on sunscreen to protect my skin in the long hours spent under the sun."
